he men who conduct private estab Towne added that in the last ten invention of machinery largely the automatic type and the railroads incl kept pace with the times. In private industry," said Mr. Towne, here is a constant effort to study these

actions, but on the part of railroads do not see that they have awakened ad manual labor constitutes a large par cost of operating ratiroads. As nider forms of manual labor on proads they are employing the same

Mr. Lowne said the method of handling tion will affiliat; hereafter with the national association abd freight was decidedly crude-arly outside of big terminals and some of the big terminals. There rmous room for improvement,

W. H. Gay of Berkeley & Gay, furniture W. H. Gay of Berkeley & Rapids, Mich. manufacturers of Grand Rapids, Mich, who headed a delegation of furniture manufacturers of Grand Rapids, testified at the hearing that he did not object to the increases in rates, but believed they should be uniform throughout the country start of the increases of the country should be uniform throughout the country start of the country of the count so far as competing furniture manufacturers in different cities were concerned "You take the position then," said At-torney Frank Lyon, representing the

Louis D. Brandeis of Boston, contend that if the railroads will manage their affairs scientifically economies will result that Perkins of J. Pierponi Morgan & Co.

I was in Washington about a month ago and met Mr Perkins, said Mr Gay He asked me if the manufacturers of furniture had considered these advances in freight rates, and I told him that we head of the Yale & Towne Company of had. He wanted to know what we were Stamford. Conn., and president of the doing in reference to it and I told him of our plans to appear and protest. He said

There have been people here in the interest of railroads before the commissions one sided and they Mr. Brandeis tried to show by Mr. Sion that have been one sided and they pleaded their case and they practically said the producer and the manufacturer, should not be listened to. I don't like it shops it would not be necessary for them to increase rates.

Mr. Towne detailed at length the re
should not be listened to. I don't like it I am just as much interested in the manifacturer and the producer as in the railroad. I want fair play. I want the manufacturers to come here and explain the

Mr. Gay said that this was the first time

It developed definitely just before adjournment that the shippers had scored one point Commissioner Prouty said that it appeared that they had proved that scientific management was all that noloyed in railroad shops.
Attorney Brandels promised to make

out that in view of great increases in wages granted to employees, high cost of finel due to miners' strikes, and an exceptionally severe winter the company's expense account shows that the most modern railroad economies have been applied successfully. The year's ner carrings showed an increase of \$214. 543 or 47.17 per cent. The balance shows a deficit of \$26.663 as compared with a deficit of \$227.520 in 1909, which is a comparative increase of \$200,857, or \$8.29 per cent. The profit and loss surplus at the end of the year was \$2,219,296.
